The museum has been selling granite pavers for sometime now. It is a perfect way to celebrate the life of a friend, family member, or business. The first installation was completed in October 2009 and the second was June 2015. We have over 100 pavers installed and still have orders coming.

Proceeds from this fundraiser will benefit the multiyear campaign to raise \$500,000 for the maintenance and long-term preservation of the historic structures and collections, and educational programming at the prairie museum. It is critical we maintain our infrastructure so the Prairie Museum and its remarkable collections, programs and exhibitions can endure for many generations to come.

For a complete listing of current pavers, go to our website www.prairiemuseum.org and look under get involved.
